

# Infection Control Measures

NSTC has been working hard to prevent the spread of infection. We would like to thank you for your understanding as we strengthening our efforts.

## (1) Alcohol-based disinfectant

- The facilities and equipment is disinfected.
- Delegates are encouraged to use the alcohol-based disinfectant on their hands and fingers when moving into and between facility.

## (2) Distribution and wearing of masks

- We require all staff members to wear masks when delivering training.
- We ask that all delegates wear masks as well.

## (3) Ventilation

We provide training in consideration of ventilation,

## (4) Confirmation of Well-being

- Each participant will be asked to take his or her temperature with a non-contact thermometer at the entrance of the first floor every morning.
- The participant's physical condition will be checked before the start of the training and at the end of the afternoon training. We may take necessary first aid measures such as temperature measurement depending on the situation.

## (5) Cancellation of training, partial or whole training

- We may cancel the training (whole training or partial training) according to the national infection status. If you should require any further information, please do not hesitate in contacting us.
